August 28, 2020 – Automated Message sent to EUP Virtual Online Collaborative Students & Parents – Program Update

Dear Parent/ Guardians,

Hello this is LaSalle High School Principal Gregg Fettig. A copy of this message will be posted on the “Headlines” section of the district and LaSalle High School Website that is labeled, “LHS Fall 2020 Return to School Information Center.” The purpose of this message is to communicate with you about important information in regarding the EUP Virtual Online Collaborative your child has enrolled in. Because of the number of students requesting to be enrolled in the EUP Online Virtual Collaborative in our region, we have been challenged in finding enough highly qualified teachers who are willing to be available to teach our online students in the region. We are in the process of recruiting more teachers within our region to help us with this increased need; therefore, we are adjusting our starting and implementation dates for students who are enrolling in the EUP Virtual Online Collaborative this fall. We are currently looking at trying to set up and schedule an orientation program for online students the week of September 8th and striving to begin our online classes the week of September 14th. We believe this adjustment to our EUP Virtual Online Collaborative Program is necessary to ensure we provide quality instruction to our online students. Furthermore, at the designated EUP online orientation, students would be issued their online class schedules, therefore students who are enrolled in the EUP Virtual Online Collaborative do not need to attend any of the registration days or the freshmen orientation this coming week that has been established for LaSalle High School traditional face to face students who are attending classes in our building. Again, EUP Virtual Online Collaborative students will receive their information at the EUP Virtual Online Collaborative Orientation. We appreciate your patience in this process and will provide follow up communication with you as we continue to work through these challenges.
