If you would like to purchase a pass for the 2018-2019 School year, you may fill this form out and mail to the school or have your child bring it with them to registration and we will give them your pass or have it in the cash box at the next home event. As in the past you may also stop in during regular office hours to purchase your pass as well. Please make this a separate check, do not include any other funds with the amount of the pass or passes.

Please contact Claudette Brown at the high school office with any questions.
