August 12, 2020 – Automated Message sent to LHS Parents and Students regarding fall 2020 return to school.

Dear Parent and Guardians,

Hello this is LaSalle High School Principal Gregg Fettig. A copy of this message will be posted on the school district and LaSalle High School Website. The purpose of this message is to communicate with you about important back to school information for LHS students. On Monday August 10th, our school board approved a plan for returning to school this fall. In this plan we are offering students two options, which includes a traditional face to face option, or to return and enroll in an online format where high school students 9-12 can enroll in the EUP Virtual Online Collaborative. A full listing of this plan and specific details of what face to face learning will look like and specific details of enrollment of the online format are posted under the “Headlines” section of the district and LaSalle High School Website that is labeled “LHS Fall 2020 Return to School Information Center.” We will continue to use this information center and automated message system as a resource of information for the return to school.

Additionally, for students returning to face to face instruction, we have not set a date yet for 9-12 students to be issued class schedules and locker registration and are working in planning this process and dates.

We will communicate with you once this information has been determined. We will also communicate with students who enroll in the online option of the EUP Virtual Online Collaborative through this automated message system with any important information. If you do not have internet access and are not able to access this information, please call the high school office at 643-8800 and please leave a message and we can mail you this information. Again, thank you for your patience in this process and we are looking forward to getting our students ready and back to school for the coming school year.
